

THE AMMORA GROUP **SYNTHETIQ TECHNOLOGY** LAMA FORMULA ONE

**GIVE LIFE
TO
YOUR CAR ENGINE**

LAMA FORMULA ONE 0W-30 / 0W-40 / 5W-30 and 5W-40 are fully-synthetic multigrade lubricants specially designed for use in highly modified engines, providing the ultimate in racing performance and protection. Through a full synthetic formula, maximum electrochemical bonding arises ensuring rapid oil circulation during the warm up phase, producing a film preventing metal to metal start ups.

BENEFITS :

- . Outstanding engine protection from the instant the key is turned
- . Rapid oil circulation preventing metal to metal start ups
- . Longer engine life and increased power retention
- . Improved oil pressure and oil consumption control
