

The next edition of The Saudi British Trade Directory includes a new section for companies who wish to trade in Saudi Arabia but who are not yet represented in the Kingdom. Not all of the new advertisers want an Agent, however the following companies have stated that they are specifically seeking representation in Saudi Arabia.

For more information, get a complete copy of The Saudi British Trade Directory from The British Embassy. It will be available in January 2000.

For a small fee, (£49 plus VAT) UK Companies wishing to promote themselves in this manner can have an entry in both the next edition of RGBB News and The Saudi British Trade Directory.
