Kevin Lynch
 Second Secretary (Commercial) British Embassy
 Age – 40 something, Family – Married to Leone, Two young children

Kevin seemed destined to join HM Diplomatic Service. (Although those of you who saw the fairy in this years Embassy Panto, might think he's chosen the wrong career) Half- English, Half-Irish, a Geordie by birth, Childhood years in Northern Ireland, Terrible Teens in the south east corner of Kent, married to a Lithuanian. One child (Benny) born in Vilnius and Adele born here in sunny Riyadh. No wonder he has the travelling bug!

But seriously – Kevin is responsible for the following business sectors: Environment, Telecoms, Heavy Industry, Aviation, Power generation, Water & Sewage and Mining.

Robert Clay
 Car Division Director, Arabian Hala Tel: 488 4887

Arabian Hala operate the AVIS franchise in the Kingdom and Robert has an office on the DQ. Both he and his wife Alison have been in Riyadh for about 2 years and have a 9 year old daughter, Baxter, at the American School. Look out for one of Baxters camel drawings which has been used as decoration on coffee mugs from Design Arabia.

Clearly Alison enjoys KSA as much as her husband and leads a fairly active life here in Riyadh. One of her talents is to produce tailored silk jackets for ladies and she also organises group tours around some of the more interesting souk areas of the city. Readers interested in Ali's Golden Jackets or the tours should call her on 248 4444 ext. 102

Luke Bowen
 General Manager, Arabian Construction Materials Co. Tel 472 9390

Lukes company ARCOM is the Kingdom supplier for all Crane valves and a number of other UK manufacturers of related materials. After a good number of years down in the Batha souk, Luke has finally moved to a new showroom and offices just off Pepsi road within sight of suicide roundabout. As BDSC Chairman, Luke is an active member of the RGBB and seems to thoroughly enjoy the nine plus years he's already spent here.

Luke is married to Alison who must surely be unique amongst ladies in the Kingdom in that she owns her own car, a soft top Jeep which takes them out in the desert quite regularly.

Your Picture could be here in the next issue

Note from the Editor

Having proposed the concept of a gallery as a means for members to get to know each other better, I was a little disappointed at the take up for this first attempt. But I've been in KSA long enough not to give up at the first hurdle. If you would like to be a little better known and encourage others to *reveal* themselves please give me a call or speak to me at the next briefing. I'll probably have a camera in my pocket! My thanks to the trio above for being the brave starters.....AM

PS. If it's the SR100 that puts you off I'll do the first 6 people who approach me for FREE.
