The Social Whirl

Monthly Mulligans

You will see from the 2003 events calendar that the last Wednesday in every month is reserved for something called Monthly Mulligans. I have been approached by many readers (well, two actually) who have desired to know more of this phenomenon. Well, I can reveal that there is a bunch of hardy souls known locally as "The Monthly Mullites". Now for those of you who play golf (as opposed to Squash or Tennis) I strongly urge you to call The Mighty Mullite himself – Andrew Wilkie who will immediately invite you out to the next outing at Dirab Golf Club.

Dirab Fun Day

We all had a good time last year and many people have approached me recently asking when the next Fun Day is going to be held, as they want to diary it now and make sure nothing else clashes with that date. For your information we have not yet received the 'go signal' from the Dirab GC but anticipate this arriving anytime now. However, the organising team of Martin Shaw, Mick Brown, Graham Turner, Luke Bowen, Paul Dugan, Steve Wagstaff, Ian Miller, Gordon Blackwood & Peter Howarth Lees are reluctant to leap head long into organising another huge event again without the help & assistance of a few more like-minded folk. This is not rocket science and some additional helping hands would be appreciated. You may have some sports experience and could help with organising football or cricket with the kids. All offers of assistance will be greatly received.
