

From Steve Wagstaff

MEMBERSHIP

During my short period on the board I have been trying to make some quick, but vital changes which I feel must first be made in order to move forward, together with continuing the activities which go hand in hand with the position.

A few areas already completed and being worked upon are as follow: -

- Standardize the RGBB image by incorporating the new RGBB logo across the board.
- A revised RGBB Application Form has been completed and is available on the web site.
- Revised RGBB New Members Welcome Pack
- By the time this magazine is with you, a New Members Welcome Evening will have taken place on the 26<sup>th</sup> February to introduce them to respective SIG heads. Those new members who were unable to attend will be invited along to the next Welcome evening.
- Improve the website in relation to new members accessing information about the group.
- Revised Membership Cards for all members.

The membership continues to grow and currently stands at 250, compared to 204 as of Spring 2002. This can be attributed to both Martin Shaw's continued excellence on the social side and, most notable, the recent Healthcare, Oil & Gas seminars held by the SIGs, proving both of value and interest to all who attended. I am sure that continued attention to these areas will provide continued membership growth.

Whilst appreciating that some members view their personal information details as sensitive, we put forward a list of all current members, together with the companies that they work for. After all, we are all here to do business.

Below: A couple of images from the New Members evening kindly hosted by Philip Parham

MEMBERSHIP LIST AS AT FEBRUARY 2003

Nick Abbott	BRITISH EMBASSY
