

At the local Golf Course, the practice range lies alongside the main road. A new member was taking his first lesson when he sliced the ball over the netting and onto the head of a passing motorcyclist who swerved clipping the local delivery van which turned into the path of a fuel tanker which spilt some of its load which then ignited from the sparks caused by other vehicles crashing into the back of the now stationary delivery van.

"Oh my God" said the golfer to the pro, "what should I do, what should I do?"

"Well" replied the Pro, "next time keep your right hand a little further down the shaft."

Two students were on their first date and deep into an intellectual conversation about extrasensory perception. "Would you call it telepathy" said the girl "if I were thinking about the same thing as you?" "Oh No," said the boy, "I'd call it just plain lucky"

### True Tale or so I'm told!

A man in his 50's bought a new Porshe and was out on the motorway for a nice evening drive. The top was down, the breeze was blowing through what was left of his hair and he decided to open her up.

As the needle jumped up to a ton, he suddenly saw flashing red and blue lights behind him.

"There's no way they can catch a Porshe," he thought to himself and opened her up further. The needle hit 110, 120.... Then the reality of the situation hit him. "What the hell am I doing?" he thought and pulled over.

The copper came up to him, took his license without a word and examined it and the car.

"Well Well Well Sir, It's been a long day, this is the end of my shift and it's Friday the 13th. I don't feel like more paperwork, so if you can give me an excuse for your driving that I haven't heard before, you can go."

The guy thought for a second and says, "Last week my wife ran off with a cop. I was afraid you were trying to give her back."

"Have a nice weekend," said the officer.
