

Buro Happold have won the British Expertise International Award for Large Consultancy Firm of the Year for their work on the Wadi Hanifah Comprehensive Restoration Plan,

This 20-year plan to bring life back to an over-exploited, polluted watershed, running through Riyadh in Saudi Arabia, began in 2001 with engineer Buro Happold as the lead consultant.

Post-1970s expansion of the city has left the 120km-long Wadi polluted through uncontrolled waste entering the water and the 4,500km<sup>2</sup> of surrounding land ruined by unregulated dumping and mining.

The project includes upgrading the Wadi to cope with annual flooding and to improve water quality through creation of a facility that will help recycle one million m<sup>3</sup> of water per day by 2021, without the use of chemical processes. As well as health benefits, the reinvigorated watercourse will help create leisure and tourism facilities in the area.

The Board of the RGBB would like to welcome the new members that have joined our happy band since the issue of the last magazine.

**WELCOME  
NEW  
MEMBERS**

Saad Mehmod	ABSAL
Lina Lewis	Advn'd Learning Schools
Iain Stirling	Advn'd Learning Schools
Paul Brown	Almarai
David Cochrane	Almarai
David Corbett	Almarai
Roger Littleworth	Almisehal
Simon Hvidbro-Mitchell	Atos Origin Middle East
Andy Carr	BAE
Norman Colquitt	BAE
Doug Hassell	BAE
Stephen Rowe	BAE
Ameed Abdul-Hamid	BCED
