

Why choose Magus to clothe and protect your work force?

To start with, we have been around since 1979 and our product range is well researched, offering excellent, affordable quality.

Our own manufacturing units offer first class quality clothing as shown in our brochure, but if you want something uniquely different, our design team is ready to work with you.

Whether 'off the peg' or designed specifically for you - we ensure your company gets exactly what it needs.

Committed to serving you with excellence, Magus continues to expand and forge ahead as leaders in the field of Safety Wear and Personal Protective Equipment (P.P.E.).

Expertly run Safety Training Courses ranging from First Aid and Breathing Apparatus to Gas Detection, are now available through our Riyadh branch, either on site or at our new Training Centre.

Come and browse around our bright new showrooms and chat to our trained personnel who will be happy to answer your questions about all our products and services.

We look forward to serving you.
