

**RGBB
PRIVILEGE
CARD**

**Paul Dugan
Chairman RGBB**

We now have agreement for RGBB members and their families to have access to a private beach in Dhahran, this should prove very popular for weekend trips away from the city to camp out under the stars and enjoy the beach.

There are a few simple rules we will have to comply with, one of which is that to access the beach, RGBB identity is mandatory. Staff at the beach will be required to match the name of the visitor against a list provided by the RGBB.

Some of you may remember that in the past we provided RGBB Privilege Cards to new members. The card entitled members to special deals and discounts with local vendors in Riyadh; we will reintroduce the card to cover the beach access.

We are producing a new card linked to the membership list; it is intended to provide cards with a supporting list of vendors who agree to offer various discounts to RGBB members. Any of you business managers within the RGBB who are prepared to offer members discount, can easily add your company name to the RGBB privilege card by emailing to secretary@rgbb.com

So far I have agreement with such companies as Zahid, and Norwich Union, Saudi Automatic Laundry, I fully anticipate growing the vendor list over the next few months, so you can look forward to receiving your RGBB Privilege Card in your local mailbox.

AL-AHMADIAH TRAVEL & TOURISM - EXPATRIATE DIVISION

Are you frustrated?

You have had a long and busy day. You are tired, you want your dinner and you still have some work to do when you eventually get home. Now you find yourself crossing the city, through the heat and the ever increasing traffic to book your well deserved vacation. You know that when you get there you have a long wait before your turn. When you get to the counter there will be the inevitable interruptions, phone calls and pushy customers. You get the feeling that you have not made yourself understood but the agent assures you 'no problem, I will let you know'. A few days pass. Did he call? Did he do as you asked or do you find yourself chasing up to seek confirmation and reassurance?

Why Al-Ahmadiyah?

I know the above is a familiar tale to some of you. I worked for a British company in Riyadh for 10 years. I had a choice of 4 agencies for my company sponsored travel. They all offered similar products and the prices were usually about the same too. Why did I choose Al-Ahmadiyah Travel? In a word, Service. They anticipated my needs which saved time and energy on my part. I came to trust them and rely on them. Now I work with them and hope to offer you the same service I received for those 10 years.

At your service!

I am not a 'travel expert' but I know what you want and, more importantly, what you don't want. I can see the local travel industry through your eyes and I understand your difficulties. My staff are experienced, honest and hardworking. You will find that they are 'in tune' with your needs and they are very friendly and approachable. Our office is located on the second floor of a quiet office apartment block on Olaya (Al-Shafi Building, opposite Gulf Air). This means we are not subject to 'high street distractions'. Clients and families can pop in for a coffee and discuss their requirements in a hassle free environment.

Free delivery!

E-mail, fax or phone through your requirements and if you like we will deliver all tickets and documents to your office or home FREE. We offer everything available on the market, so whatever your leisure or business travel needs, give us a try!
