

Dear RGBB Member

At recent Embassy briefings I have encouraged members of the business community to keep in touch with the Embassy. I realise that it may not always be immediately obvious who you should contact and am therefore circulating an up to date list of sector responsibilities for the trade and investment team.

Best regards

For many years, the Scots, Welsh & Irish have had their own society meetings and now RGBB Member Simon Messum would like to set up the Riyadh Society of St. George. Membership is open to all people who share a love of England and Englishness

You could take an active part in the mission to promote England and English culture and heritage, while providing a focal point for the English community in Riyadh.

According to the www.royalsocietyofstgeorge.com the objects as laid down in the Royal Charter for the Royal Society on which the Riyadh version will be modeled are:

(i) To foster the love of England and to strengthen England and the Commonwealth by spreading the knowledge of English history, traditions and ideals.

(ii) To keep fresh the memory of those in all walks of life, who have served England or the Commonwealth in the past, to inspire leadership in the future.

(iii) To combat all activities to undermine the strength of England or the Commonwealth.

(iv) To further English interest everywhere to ensure that St. George's Day is properly celebrated and to provide focal points all the world over where English men and women may gather together.

The Society is unsectarian and independent of party politics.
