### A Woman's Ultimate Fantasy...

In a recent On-line poll 38,562 men across the UK were asked to identify a woman's ultimate fantasy. 98.8% of the respondents said that a woman's ultimate fantasy is to have two men at once.

While this has been verified by a recent sociological study, it appears that most men do not realize that in this fantasy, one man is cooking and the other is cleaning.

Captain Kirk and an away team, searching for intelligent life on other planets, traveled down to Earth after going through a time disturbance, landing in Downing Street right in the middle of a Railtrack debate.

After looking around, Kirk says: "Beam us up, Scotty. There's no intelligent life down on this one."

**George and Dick went hunting, killed a giant buck, and were dragging it by the legs back to their car, when they were approached by a seasoned old hunter.**

**"Hello, Guys If I may please make a suggestion... It would be much easier for you, to drag your deer in the other direction. Then the antlers won't dig into the ground."**

**They thanked the man and tried his suggesion.**

**A while later Dick said, "You know, that was good thinking. This is a lot easier!"**

**"Yessir," agreed George. "But darn it! We're gettin' farther away from our truck!"**

### Ancient History Explained...

A team of archaeologists found a slab of rock recently with 5 figures carved on it, in order:

#### A Woman, A Donkey, A Shovel, A Fish and A Star.

After months of study, the leader took the rock and went on a lecture tour. He told his audience that the carvings were thousands of years old but even so, they revealed a lot about the people of that time.

The woman being placed first in the line of figures showed that women were held in very high esteem, most likely a family oriented culture.

The donkey was probably used to till the fields indicating an organised agricultural community.

The shovel showed that they were highly intelligent since they knew how to make tools.

The fish shows they knew how to augment the crops they raised by also reaping from the sea.

The Star, he suggested, indicated that they were a very religious group of people.

After the presentation, a little old man in the front row finally got the attention of the speaker.

When acknowledged he said, "I'm sorry to blow your conclusions but you were reading it left to right. In this part of the world we read from right to left.

That way it reads,  
"Holy Mackerel, Dig the Ass on that Chick!"
