			ref Paul Dugan

**COPY DEADLINE**  
**for next issue of**  
**The RGBB News**  
**Jan 30th 2001**

The position of Deputy Chairman of the COMMIT SIG has been filled by Martin Dickinson, who is an IT professional who brings a wealth of appropriate experience with him.

We are working towards a presentation on encryption techniques which we trust will be of interest to a number of the members but we would welcome feedback, firstly from those of you who wish to register their interest in joining the group, and secondly of any topics which you would like the group to address.

Once we know which of you are interested in joining the group we plan to start a discussion forum for various topics for the membership to discuss. Members will by now have received an e-mail on this subject.

In the meantime, please feel free e-mail Martin or myself with any ideas you may have. Please note that an updated membership list is now available on the RGBB website at rgbb.com

**MOTOCROSS**  
 fixtures list for the new season.

**FORMALITY AT THE WORKPLACE**

The manager of a large office noticed a new man one day and told him to come into his office. "What is your name?" was the first thing the manager asked the new guy.

"John," the new guy replied. The manager scowled, "Look... I don't know what kind of a mamby-pamby place you worked before, but I don't call anyone by their first name. It breeds familiarity and that leads to a breakdown in authority. I refer to my employees by their last name only... Smith, Jones, Baker... That's all. I am to be referred to only as Mr. Robertson. Now that we've got that straight, what is your last name?" The new guy sighed,

"Darling. My name is John Darling."

"Okay John, the next thing I want to tell you is..."

**AND FINALLY**
