The British International School Riyadh has over 1000 pupils aged from four to sixteen. We live in a purpose-built, spacious building just off exit 9 next to the Al Hamra Compound. Up to sixty per cent of our pupils are British passport holders and we do have a certain number of places for other nationalities. The School broadly follows the English National Curriculum. Our students in KS4 (15-16) sit the (1) GCSE's in their final year at the school.

Class sizes are all around twenty right across the school. Over fifty per cent of our teaching staffs are recruited directly from the UK and there are around forty other non-teaching adults.

We have a superb indoor swimming pool and large sports hall, plus a gymnasium and a well-stocked library, as well as separate well-equipped areas for specialist subjects such as Music, Art, Information and

We are also keen to recruit supply teachers for all areas of the school. If you are a qualified teacher and would like to help us, please contact the school on the telephone number or email above. We would love to hear from you.
