

Did you know?

There are two rules for success in life:
Rule 1:
Don't tell people everything you know.

A woman awakes during the night to find that her husband was not in bed. She puts on her robe and goes downstairs to look for him and finds him sitting at the kitchen table with a cup of coffee in front of him. He appears to be in deep thought, just staring at the wall. She watches as he wiped a tear from his eye and takes a sip of his coffee.

“What’s the matter, dear?”,
she whisper’s as she steps into the room,
“Why are you down here at this time of night?”.

The husband looks up from his coffee, “Do you remember 20 years ago when we were dating, and you were only 16?” he asks solemnly.

“Yes, I do” she replies.

The husband paused; the words were not coming easily. “Do you remember when your father caught us in the back seat of my car making love?”

“Yes, I remember” said the wife,
lowering herself into a chair beside him.

The husband continued.....”Do you remember when he shoved that shotgun in my face and said, Either you marry my daughter, or I’ll send you to jail for 20 years?”

Yes, Yes, I remember that too, she replied softly.

He wiped another tear from his cheek and said,
“Just thinkingI would have got out today!”

True Story?

During an agricultural debate in the European Parliament, a Frenchman was asked:
“Do you find it profitable to keep cows?”
“Certainment” said the frenchman,
“my cows give about eight hundred litres a day.”
“And how much of that do you sell?” he was asked
“About twelve hundred litres.” came the reply

There are teachers, and then there are educators.

According to a news report, a certain private school in Edinburgh recently was faced with a unique problem. A number of 12-year-old girls were beginning to use lipstick and would put it on in the bathroom.

That was fine, but after they put on their lipstick they would press their lips to the mirror leaving dozens of little lip prints.

Every night, the janitor would remove them and the next day the girls would put them back. Finally the head decided that something had to be done. She called all the girls to the bathroom and met them there with the janitor. She explained that all these lip prints were causing a major problem for the janitor who had to clean the mirrors every night.

To demonstrate how difficult it had been to clean the mirrors, she asked the janitor to show the girls how much effort was required.

He took out a long-handled squeegee, dipped it in the toilet, and cleaned the mirror with it. Since then, there have been no lip prints on the mirrors.

The old ones are still the best ones

A man went into a pharmacy and asked to talk to a male pharmacist. The woman he was talking to said that she was the pharmacist and that she and her sister owned the store, so there were no males employed there. She then asked if there was something which she could help the gentleman with.

The man said that it was something that he would be much more comfortable discussing with a male pharmacist. The female pharmacist assured him that she was completely professional and whatever it was that he needed to discuss, he could be confident that she would treat him with the highest level of professionalism. The man agreed and began, by saying, “This is tough for me to discuss, but I have a permanent erection. It causes me a lot of problems and severe embarrassment. So I was wondering what you could give me for it?”

The pharmacist said, “Just a minute, I’ll go talk to my sister.” When she returned, she said, “We discussed it at length and the absolute best we can do is, 1/3 ownership in the store, a company car, and \$3,000 a month living expenses”
