

DUCHESS OF CORNWALL VISITS THE MULTINATIONAL SCHOOL IN RIYADH

The Multinational School of Riyadh put on a lively and colourful pageant at the end of a visit by Camilla, the Duchess of Cornwall.

The school caters for over 50 different nationalities of children who greeted the Duchess waving flags of their respective countries.

The school was founded in 1998 by Julia Jefferson after she found that there were no schools in the capital that accepted children with learning difficulties or special needs.

The school now has a well developed special needs unit and operates an internationally accredited curriculum.
